Ohio Child Welfare Training Program

Mission Statement

The Ohio Child Welfare Training Program promotes the delivery of high quality, culturally competent, family centered services to children and their families who have experienced or are at risk of abuse, neglect or dependency. We provide competency-based training primarily to the public agency professionals, caregivers, and adoptive parents who serve them. We collaborate with other service providers to promote the delivery of competency-based training. We advocate for public policy and standards that reflect best practice in child welfare.

RESOURCE FAMILIES'

HELPFUL TIPS

CORNER

- Resource Readiness (RR) courses are to be completed during the first certification period of new resource families. However, these RR courses are available to all resource families.
- Resource families are no longer allowed to complete all of their training hours virtually unless there is a live trainer. These are called "live synchronous distance learning". Training such as Foster Parent College, where the trainer is not in "real time" is only approved for 15 hours for family foster care and 22.5 hours for treatment homes.
- Individual Training Needs Assessment (ITNA) can be completed online on the OCWTP website: <https://ohiocaps.org/ocwtp/>
- You will get credit for only 24 hours of Preservice training (training you completed prior to being licensed). Please make sure to check the title before completion. No exceptions can be made.
- Please make sure you receive approval before taking any classes designated to Staff/Supervisors

COMING SOON TO N.W.O AREA:

(You requested it, and it is being provided).

- ***What is a caregiver coach?***

A caregiver coach will be installed to provide coaching, training, support, and guidance to foster, adoptive, kinship and others who serve in a caregiver capacity. This coach will be available "in person" and in some cases virtually to handle crisis in a timely manner. This coach will also serve in the capacity of a trainer.

Through caregiver coaching, caregivers will engage to exchange information and intervention strategies to promote the child's learning and development. A short-term intervention that provides caregivers with tools to improve their child's behavior.

So, stay tuned as to assist us in welcoming our caregiver coach to NWORTC!!!!
