

Dear Prospective Caregiver,

All Preservice sessions are offered in CAPS LMS. To ensure a smooth process please follow this list:

1. Contact the county agency through which you are seeking to be a caregiver and let them know you are interested in becoming a foster and/or adoptive caregiver.
2. The county will then contact us at ECORTC with your information to request a CAPS LMS (learning management system) account.
3. You will receive a welcome letter from the RTC with details on CAPS LMS login and how to register for the classes you need. The courses will show up in your transcript waiting for you to schedule or complete.
4. The following pages in this document contain offerings from ECORTC Region. Other regions offer training as well, and you are welcome to attend anywhere in Ohio that meets your needs.

Any questions? ECORTC Staff can be reached at 740-432-2355 or ecortc@jfs.ohio.gov

Preservice Training-Course Tracker

- ORIENTATION (Take 1st Self-Directed) 1 hr
