Caregiver Coach Program

For PCSA Foster Parents, Adoptive Parents &
Kinship Caregivers

About the RTC Caregiver Coaching Program

The RTC Caregiver Coach Program is designed to support foster, adoptive and kinship caregivers by focusing on their growth, development, and emotional well-being ultimately enhancing family dynamics and relationships at home. This program helps families build on the skills needed to care for children who have experienced trauma; improve communication; foster positive family functioning and deepen their understanding of Child Protective Services.

With a coach, caregivers receive support, as well as skill-building opportunities in a variety of areas. Caregivers can also request coaching on topics unique to their family.

Coaching is not therapy or after-hours intervention, nor does it replace the role of your caseworker. However, a coach can help develop caregiver skills that will aid in the care of children placed in their home. Coaching can also enhance the working relationship between caregivers and count agencies.

In addition to coaching, check out our **Group Coaching Conversations** (see next page for schedule). These sessions address topics that may not be offered through regular training. In addition, it's a great opportunity to network and connect with other caregivers!

<p>To Request Coaching:</p> <ol style="list-style-type: none"> 1.) Log on to CAPS LMS: CAPS LMS Info – Ohio CAPS 2.) From the Home Page, click on View Courses 3.) In the “Search for Learning” box, type in the subject Coaching Request Form. 4.) On the right side of the page, click on Open Curriculum 5.)
